Cubicle tracks, carriers, mesh, see-thru, velcro, PPE and other curtain options for healthcare and institutions.

46 - Manufacturing -- Sourcing -- Warehousing

Don't see exactly what you need? Contact us and we can work with you to find a solution to your problem. Whether we manufacture the product ourselves, source it from one of our trusted suppliers or warehouse product for you, we can often develop a custom program that works especially for you!

How to Measure for a Shower Curtain

Width

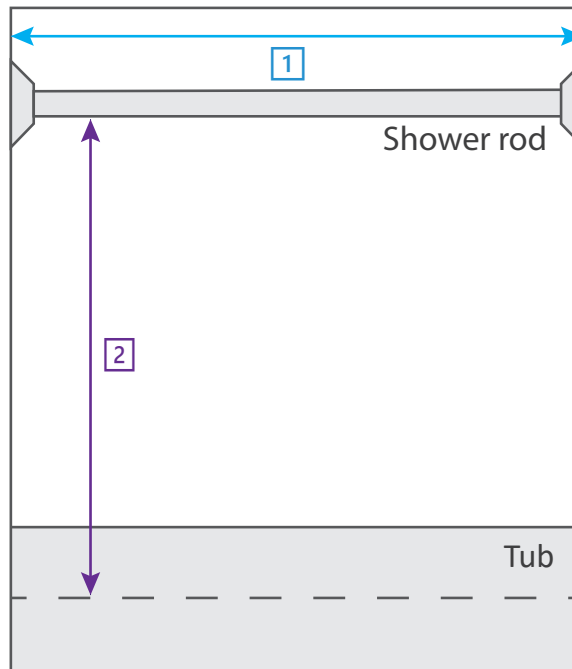

1 Measure the width of the rod and add 15% to 20% for fullness.

A standard tub is 60"W and uses a 72"W curtain. A standard stall is 28"W and uses a 36"W curtain.

Length

2 Measure from the bottom of the shower rod to the center of the tub (or wherever you want the curtain to fall).

Add 2" if selecting a Hang2it header curtain.

How to Order a Shower Curtain

Stocked

Send us a Purchase Order including the following for each item:

- Quantity
- Product ID
- Price

Stocked items typically ship in 2-4 business days.

Order in case packs.

Contact us to confirm inventory levels.

Don't forget the hooks!

MADE ON DEMAND CURTAINS

Made on Demand!

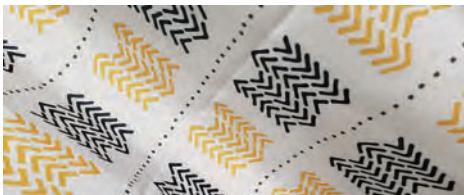

Your curtains... your way

Work with our design team to create customized curtains you need to match your brand or your space. You can mix and match options from the header style to the curtain material size to the bottom weights.

① Curtain material, size and color

First, select the curtain material and size that you need as a base for the design to fit the space and budget for your project.

Material

Choose one of our stocked materials as a base, or we can work with you to create a custom design or use an existing design.

Size

Request the correct width and length needed for your particular application.

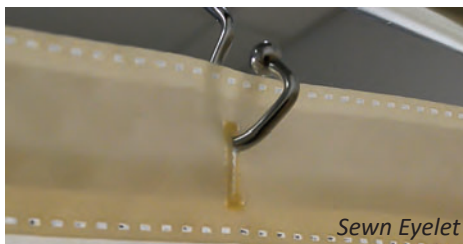

Color

Select from our stocked colors or give us Pantones that match your brand colors or existing bathroom decor. Minimum order quantities may apply.

② Heading

Next, pick the style of heading for your curtain. Select from a variety of options including traditional sewn eyelets, metal grommets, our patented Hang2it Buckles, snap loops, velcro strips, rod pockets and more!

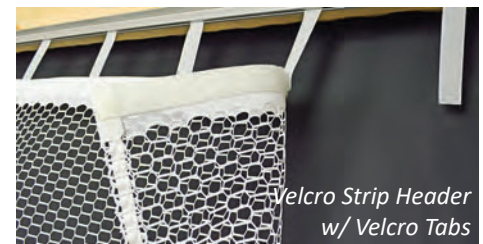

Traditional

Traditional sewn eyelets or metal grommets are a common option. Clear plastic grommets are a new option for 2023!

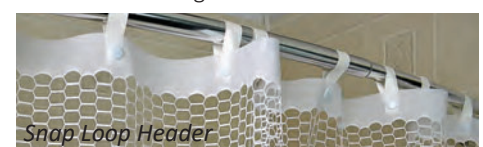

Hang2it

Our patented "Tear Drop" or "Z" style Hang2it Buckles are the best engineered in the industry. Available in white, beige, chrome and custom colors.

Specialty

Institutions and healthcare facilities can choose velcro loops or a velcro strip header. Options such as rod pockets, snap loops and mesh headings are also available.

MADE ON DEMAND CURTAINS

3. Window

Fabric light view windows are practical and add a touch of elegance to your curtain design.

Vinyl Top View Window

Add Polished Clear or Frosty Vinyl to the top of your curtain for improved security and lighting.

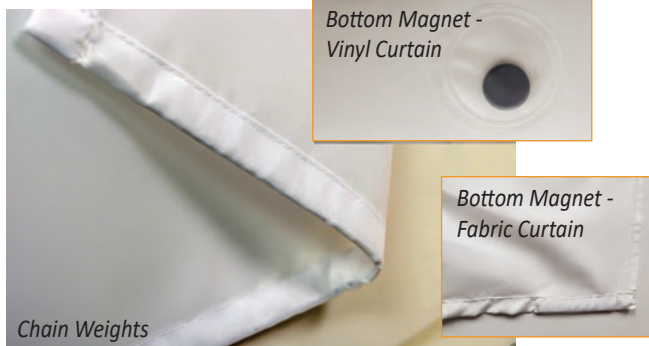

Poly Knit Window

Poly Knit Window

Allow light into the shower and the security of seeing into the bathroom with the most durable fabric window in the industry! Available in white and beige.

4. Bottom

Adding weights, magnets, and chain weights are popular options for the bottom of your curtain.

Bottom Magnet - Vinyl Curtain

Bottom Magnet - Fabric Curtain

Chain Weights

Bottom Magnets, Weights and Chain Weights

Bottom magnets can be sewn into the bottom hem of fabric curtains.

Chain weights can be sewn into the bottom hem of fabric curtains.

Bottom weights or magnets can be heat sealed onto vinyl curtains.

5. Liner

Add an optional liner to your curtain to protect and extend the life of your outer curtain.

Metal Snaps

Snap Away Liner w/ Plastic Snaps

Snap Away or Attached Liner

Snap Away liners use metal or plastic snaps to attach to the curtain. They are removable for easy laundering or replacement. **Attached liners** are sewn directly to the outer curtain. Liners come standard with bottom magnets.

6. Custom Options

You think of it, and we'll make it! We can accommodate custom constructions, screen printing, embroidery or festooning to closely match your unique design needs.

Screen Printing

Add screen printing to your fabric or vinyl curtain to create a truly personalized design.

Festooning/Embroidery

Curtains can be adorned with custom festooned stripes. We can also add custom embroidery to curtains as well as our robes and slippers.

Concealed Header

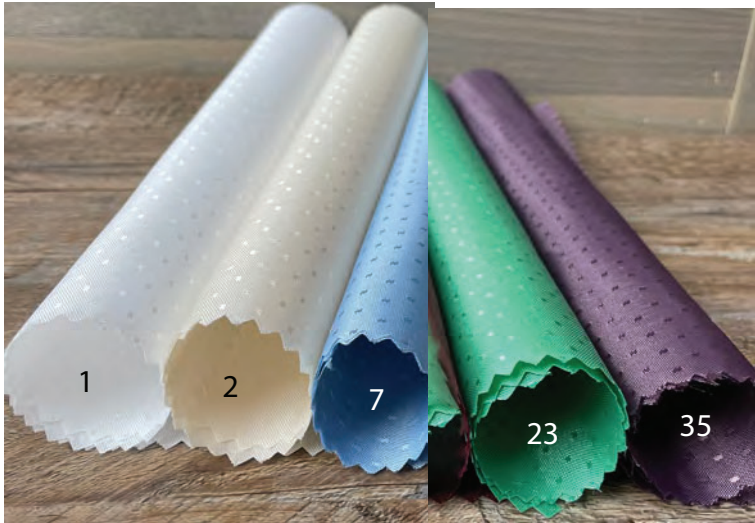

Snap Rod Pocket

Special Construction

Whether custom construction such as unique sizes, magnets along the sides or concealed buckles, contact us with any special needs you may have!

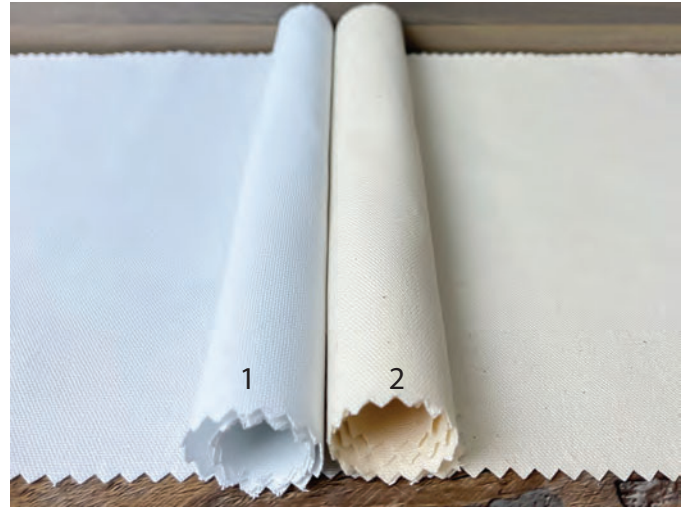

MADE ON DEMAND CURTAINS

Providing High-Quality, Environmentally Sound Products

Kartri Sales Company is working with its upstream and downstream partners to provide high-quality environmentally and socially sustainable products that our distributors and property users can feel confident selling or purchasing.

End of Life

Kartri Sales Company is working with its suppliers to facilitate end-of-life options for our products. While not all of our products lend themselves to easy recycling programs, we are actively creating partnerships with companies to recycle our products and packaging.

Safer Materials and Additives

We are working with our mills to source fabrics and vinyls that are sustainable and environmentally safe while still providing the performance you need at acceptable costs. From RPET (Recycled Polyester) fabrics to PFAS-free water repellents, stay tuned for regular product updates and new product launches throughout the coming year.

Packaging

Kartri is reviewing and modifying our product to increase the pre- and post-consumer recycled content of the material and optimize the amount of total packaging used in our products. For example, domestically we are using biodegradable poly bags and cardboard containing 70% recycled content and 30% FSC certified content.

Responsible Manufacturing

Kartri is partnering with factories and mills that are committed to following our Global Anti-Corruption and Anti-Bribery Policy to ensure a good work environment. We are also incorporating an Environmental Management System to reduce their environmental impacts and increase operational efficiencies.

How to Measure for a Bed Coverlet

Width

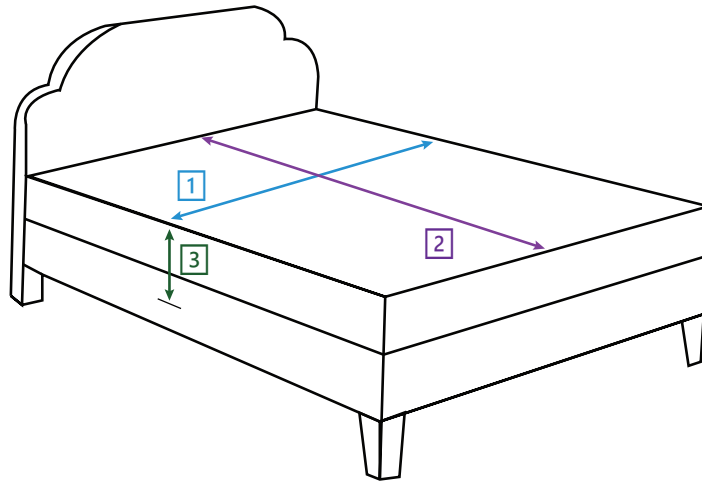

1 Measure the width of the mattress.

Length

2 Measure from the head to the foot of the mattress.

Drop

3 Measure from the top of the mattress to the middle of the boxspring (or wherever you want the coverlet to fall). Add the drop to the width and length for your final measurements.

How to Order a Coverlet/Top Sheet

Stocked

Send us a Purchase Order including the following for each item:

- Quantity
- Product ID
- Price

Stocked items typically ship in 2-4 business days.

Order in case packs.

Contact us to confirm inventory levels.

Custom

To order a custom coverlet:

1. Fill out the information below
2. Send us a Quote Request using this information
3. Use the Product ID, cost and lead time on your quote to issue a PO

Contact our customer service for pricing.

Milliken's innovative Signature Plus™ fabric outperforms all challengers in terms of elegance, performance, quality, durability and value. The innovative stain release properties of Signature Plus can allow you to wash at a 120° water temperature (as opposed to 160°). And you'll still have the same consistent look day after day.

Linen and Napkins

TABLE LINEN

On our Table Linens we back-tack and miter each corner providing style and a clean appearance in 31 possible colors. Also available in Satin Multi Stripe, Satin Wide Band, Checkpoint and Symphony finishes. Contact a customer service rep for full details, availability and pricing.

NAPKINS

For our Napkins we use cutting techniques to provide for uniform and thinner corners, which prevent laundering problems. Each napkin is hand trimmed and inspected to make certain of its quality. Hemmed Napkins are lock-stitched with four back-tacks providing extra reinforcement to each corner.

TABLE LINEN

Linen Finish Options

SATIN WIDE BAND FINISH

This sophisticated feel finish is available in 19 colors. Because of the nature of the design, this finish is available limited sizes.

CHECKPOINT

This classic plaid finish is available in 4 colors. Contact a service representative for pricing and availability.

SATIN MULTI STRIPE FINISH

This elegant style finish is available in 19 colors. Contact a service representative for pricing and availability.

SYMPHONY

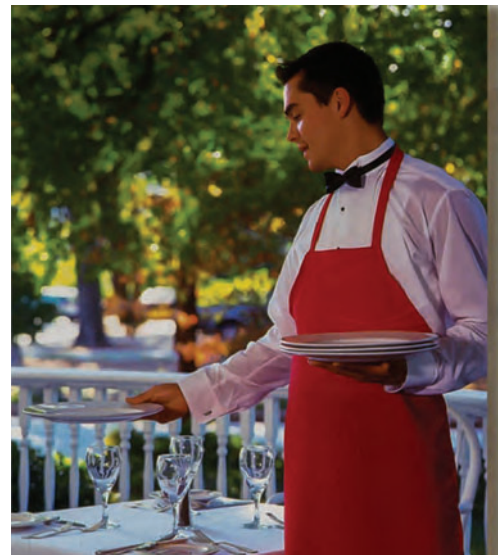

This floral style finish is available in 9 colors. Contact a service representative for pricing and availability.

Placemats and Aprons

LATTICE PLACEMATS

We take pride in working with our customers to provide unique solutions to their individual needs. Because we manufacture and design our own products, we have the ability to produce a wide variety of items within our standard offerings.

APRONS

We use the most advanced equipment available to ensure that all aprons are uniform and sewn with the highest degree of quality. This includes the use of automated pocket setters, lockstitch sewing through-out the apron construction and bar-tacks to provide an extra level of strength.

Custom Embroidery is Available!

HEALTHCARE/INSTITUTIONAL

Get the CURTAINS you need WHEN you need them

Your Healthcare, Privacy and Institutional curtains are **Made on Demand** in our Pennsylvania and Mexico factories.

We know not everyone can use a One-Size-Fits-All solution. So choose the curtain size, heading and body you need, and we will construct your curtains especially for you!

Low MOQs

Most custom curtains only need to meet our low \$25 minimum order.

Volume discounts are available!

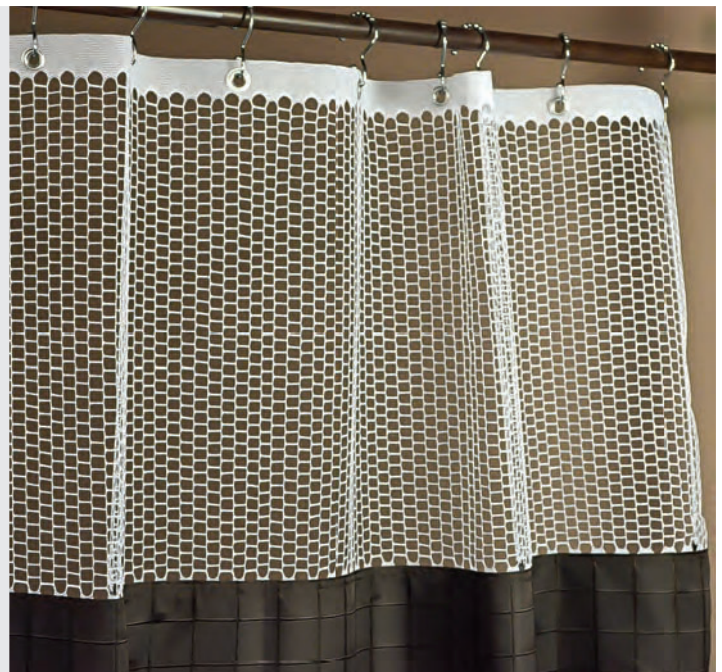

Short Turnaround Times

Standard curtains are ready to ship in 1-2 weeks.

Custom curtains ship in 2-4 weeks.

Large orders or custom programs can be 4-8 weeks.

Contact a Customer Service Representative to get current pricing and lead times.

HEALTHCARE/INSTITUTIONAL

Mesh

1/2" HOLE MESH

100% Nylon. Available in White and Beige. **NFPA 701 Certified.** Standard with metal grommets. Made in USA. Stock sizes: 12", 20", 22", and 36"

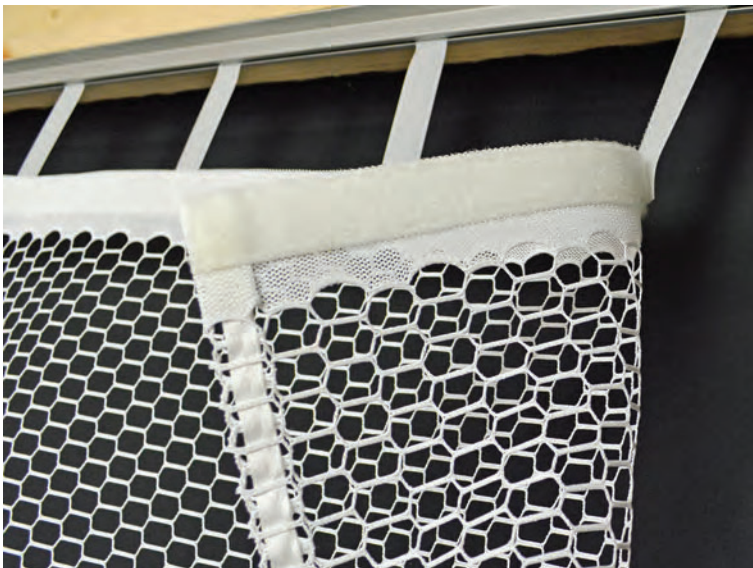

FRAMED IN MESH

The border of the mesh is wrapped in material matching the body of the curtain. This finish is offered on our 1/2" Hole Mesh with any cubicle material of your choice in any size option.

Our 1/2" hole mesh is
NFPA 701 Certified

Custom Construction

Mesh tops can be added to any of our stocked material. Contact us if you would like to use a third party's material.

REMOVABLE MESH - HEADER

A velcro strip is placed on the top of the 1/2" hole mesh and typically hangs on custom track (SC-TRACKVL) with separate velcro tabs (MVT-1) in environments where patient safety is a concern.

Curtains are constructed in the US or Mexico and can be combined with any of our stock fabrics with no minimums required.

REMOVABLE MESH - BODY

A velcro strip is placed on the bottom of the 1/2" hole mesh and at the top of the body material, making for a fast and easy removal in an emergency.

Curtains are constructed in the US or Mexico and can be combined with any of our stock fabrics with no minimums required.

HEALTHCARE/INSTITUTIONAL

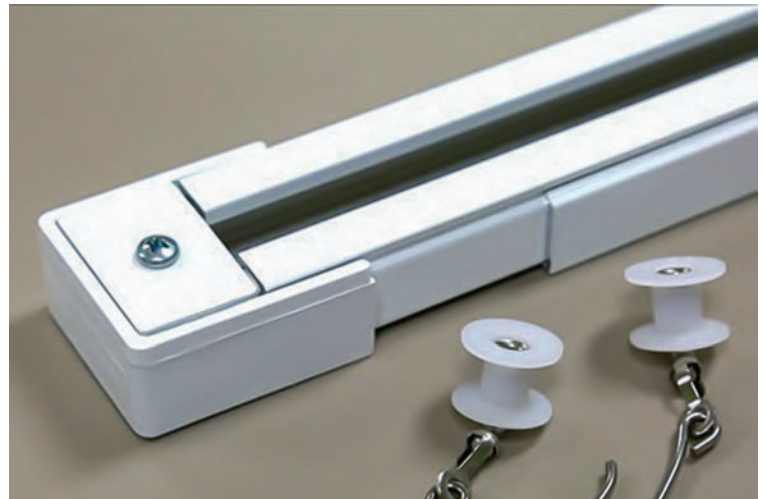

Cubicle Track

ALUMINUM CUBICLE TRACK

Designed for use with all types of standard privacy curtains, drapes and shower curtains. Extruded from heavy duty T-5 aluminum, the tracks require little maintenance due to the durable finish and heavy gauge.

CC-TRACK-A Cubicle Track Aluminum -- 1.375" x 0.8125"

WHITE CUBICLE TRACK

White baked-enamel design. Designed for use with all types of standard privacy curtains, drapes and shower curtains. Extruded from heavy duty T-5 aluminum, the tracks require little maintenance due to the durable finish and heavy gauge.

CC-TRACK-W Cubicle Track White -- 1.375" x 0.8125"

Contact a service rep
for current pricing

Ready for Installation

Cubicle track is shipped with all components, cut to requested size and ready for easy installation!

CUSTOM VELCRO TRACK - CEILING MOUNTED

Designed for ceiling, soffit or inside window frame mounting. Extruded from heavy duty T-5 aluminum, the tracks require little maintenance due to the durable finish and heavy gauge. Use with Velcro Safety Tabs (MVT-1).

SC-TRACKVL Velcro Detachable Track - White - 1.4375" x 0.5625"

CUSTOM VELCROTRACK - WALL MOUNTED

Designed for wall, soffit or inside window frame mounting. Extruded from heavy duty T-5 aluminum, the tracks require little maintenance due to the durable finish and heavy gauge. Use with Velcro Safety Tabs (MVT-1).

SC-TRACKWML Velcro Detachable Track - White - 1.4375" x 0.5625"

HEALTHCARE/INSTITUTIONAL

Curtain Carriers and Safety Tabs

SPOOL CARRIER

One piece nylon spool carrier with tangle-free swivel and nickel-plated hook. These carriers slide comfortably within our cubicle tracking system. Use 2 carriers per foot of track, plus one extra per two feet (2.5 carriers/foot).

CC-CARRIER Spool Carrier

CC-CARRIER100 Roller Carrier

DETACHABLE CARRIERS

Two piece nylon roller carrier breaks away for safety when added pressure is pulled down on them. These carriers roll comfortably within our cubicle tracking system. Use 2 carriers per foot of track, plus one extra per two feet (2.5 carriers/foot).

CC-BREAK Detachable Carrier White

Custom Advantage

Cubicle track can be ordered in one continuous length up to 18 feet. This significantly reduces installation labor time and creates a smoother track.

We sell individual amounts and pack according to your order.

NO CHAIN CARRIERS

One piece nylon spool carrier with tangle-free swivel and nickel-plated free-hanging hook. These carriers slide comfortably within our cubicle tracking system. Use 2 carriers per foot of track, plus one extra per two feet (2.5 carriers/foot).

CC-NOCHAIN No Chain Carrier

VELCRO SAFETY TABS

Safety tabs are 4" long and 3/4" wide. The amount of resistance before "breaking" is determined by the number of tabs installed in the track. One tab every 4" is recommended.

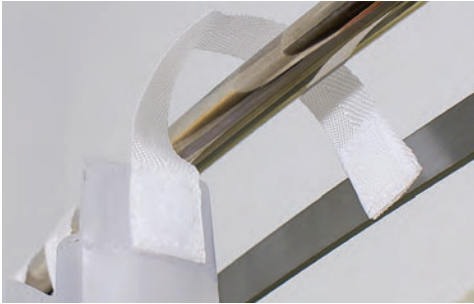

Use with Custom Track (SC-TRACKVL AND SC-TRACKWML).

MVT-1 Velcro Safety Tabs - White - 4"L x .75"W

HEALTHCARE/INSTITUTIONAL

Additional Options

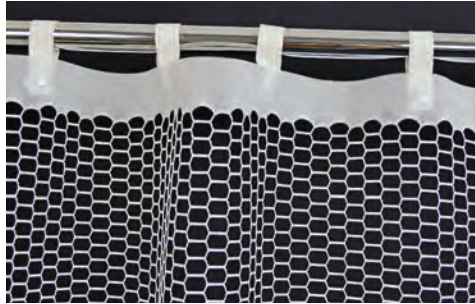

Curtains can be made with a variety of header and body options to cover the particular needs of healthcare, institutional and educational facilities.

VELCRO LOOP HEADER

Velcro loops circle around the bar and attach to themselves. Can be combined with any fabric or vinyl material.

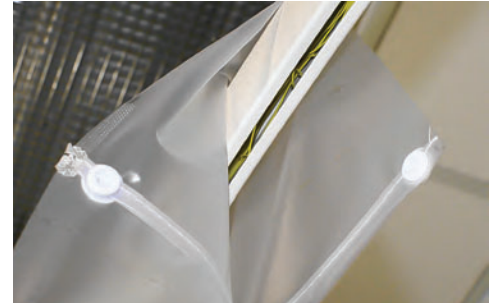

Standard loop size is 8"L x 3/4"W and standard spacing is 6" between loops.

SNAP LOOP HEADER

Snap loops circle around the bar and attach to themselves. Can be combined with any fabric or vinyl material.

Standard loop size is 8"L x 3/4"W and standard spacing is 6" between loops.

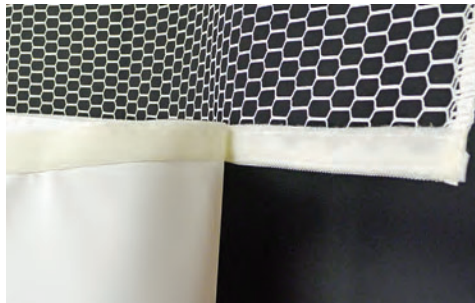

SNAP ROD POCKET

Curtain header wraps around the length of the rod and snaps to the body.

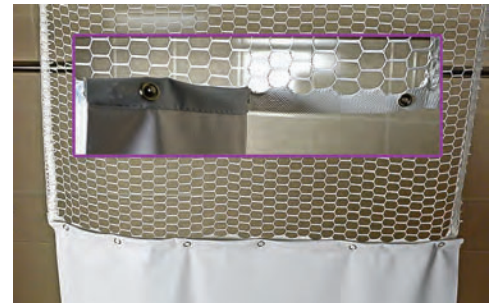

HANG2IT BUCKLES

Hang2it buckles can be used on all of our stocked curtain materials as well as curtains with mesh or top view headers. Buckles are available in white, beige and chrome and placed on white or beige polyester.

REMOVABLE CURTAIN

Velcro strips can be placed at the top of the curtain or between the body and mesh for fast and easy removal in an emergency.

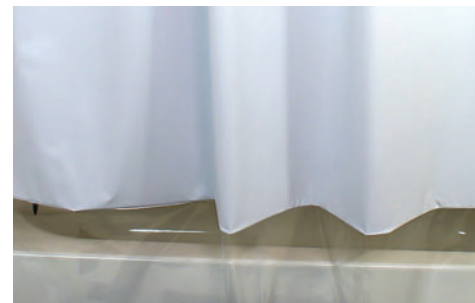

SNAP AWAY CURTAIN

Metal snaps can be placed between the body and the seam for the mesh to allow for easy removal.

TOP VIEW

Tear resistant clear vinyl can be placed at the top of the curtain to allow monitoring inside the shower while protecting privacy.

BOTTOM VIEW

Tear resistant clear vinyl can be placed at the bottom of the curtain to allow monitoring inside the shower while protecting privacy.

SIDE VIEW

Tear resistant clear vinyl can be placed at each side of the curtain. The see-thru material can be made as wide or narrow as necessary.

Manufacturing, Sourcing & Warehousing

Providing shower curtains, bath hardware accessories, bathrobes, bath slippers, top of the bed items, custom accessories and special order needs... we supply and partner with top distributors and designers around the world.

Kartri is large enough to support global brands, and small enough to be flexible when situations change. Partner with a family-run business that cares about you and your business!

Manufacturing

Kartri Sales manufactures shower curtains and top of bed products at our facilities in Pennsylvania, Mexico and Cambodia.

We stock a wide variety of fabrics and vinyls which we can quickly turn into the exact curtain you need at low MOQs.

This gives you greater flexibility and agility with a lower capital investment.

Contact us with any swatches, images, colors, drawings, and ideas you may have. Our team will work with you to research and develop a curtain meeting your individual budget and design needs!

Manufacturing, Sourcing & Warehousing

Warehousing

Save time, money and warehouse space by teaming with Kartri Sales to create a custom program.

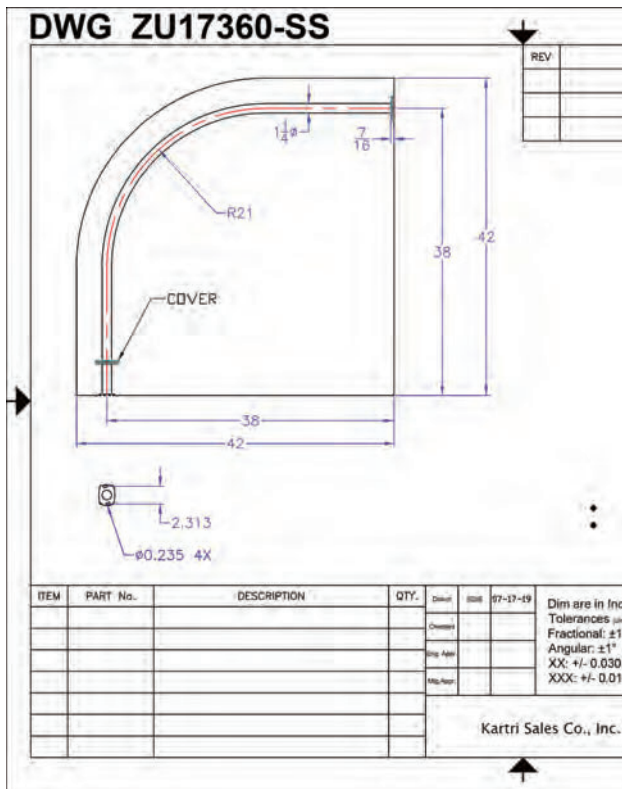

Benefit from the efficiencies of higher quantity runs without the initial capital expense or costs of warehousing large volume of product.

Used by some of the biggest brands and distributors in the business, Kartri will warehouse and ship items as your business needs.

Whether big or small, contact a sales rep today to set up a custom program!

Sourcing

Custom curved shower rod program

Need an item not on our price list, or not happy with your current supplier?

A family-run business since 1975, Kartri is trusted by suppliers across the nation and around the world.

You can leverage our vast network of contacts and buying power across a wide variety of vendors to source the product you need at competitive prices.

Contact your Kartri customer service representative to see what we can do for you!
