Shower Seats

This L-shaped reversible shower seat is ADA compliant and comes with a one-piece, one-half inch thick ivory phenolic top. The reversible L-shaped component allows the handing of the seat to be determined in the field. The seat is 32 inches by 23 inches and includes a self-locking mechanism to secure the seat in the upright position when it is not in use. The tubular components are fabricated from stainless steel.

Available in color
Ivory-41 only

Hair Dryer Bags Made to Order

Hair dryer bags are made to order from in house fabrics such as our signature polyester material and/or our waffle supreme. Customizing with screen print or embroidery is an option.

Customized Bags Made to Order

Customized bags for holding toilet paper rolls, can be manufactured with in-house polyester, waffle or terry material.

Privacy Curtain Dividers

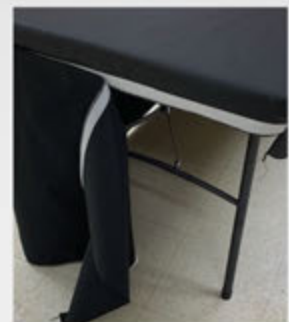

We manufacture curtain room dividers from in house material to custom ordered fabrics. We offer special print designs with minimum order options and manufacture to finished width and lengths with a Hang2it header or a standard traditional style with grommets.

Table Covers

We have a specific line of table linen materials, along with any of our in house materials to manufacture for your needs to cover tables. Velcro break away as shown in the image is also an option.

Cart Covers

Made to order with special heavy materials manufactured in Mexico finished with velcro closure and velcro front for hanging display signs. Custom sizing upon request, along with small minimum requirements.

Quality Manufacturing!

Quality hands of 50 years experience in manufacturing, established in the year 1975 and still growing. Main locations are located in Pennsylvania, Arizona and Mexico. Strong partnerships with locations in Vietnam and China.

Signature Solids

Product Description

Milliken's innovative and bestselling Signature® fabric outperforms all other competitors in its elegant look and unrivaled quality. Sustainably created in the USA, Signature® has been named the most used restaurant table linen fabric in the United States. With proprietary soil-release technology, Signature is engineered for minimal linting and easy stain release. Milliken's innovative ColorSeal™ ensures that Signature® colors stay consistent wash after wash.

Product Highlights

- ✓ Excellent color consistency
- ✓ Soft feel with minimal lint
- ✓ Innovative soil-release technology
- ✓ ColorSeal[™] ensures protection against bleach
- ✓ Low shrinkage rates
